

PRO/STAINLESS

**Metal Fabricators
Sheet Metalworker**

Permanent- County Louth

Company:

This role provides an excellent opportunity to work with a dynamic growing business that provides innovative high-end solutions for Cleanroom & Hygienic Environments, Architectural Metalwork, Production and Manufacturing sites across Ireland, the UK and Internationally, as well as individual, bespoke projects across a range of industries. Join us and be the difference that makes the difference.

Accountabilities:

The key focus of this role is to ensure that all products are produced to the highest standards, ensuring product quality and adherence to delivery dates.

Essential Criteria:

The successful candidate will be a skilled fabricator with TIG welding experience (preferably with codes). Highly motivated with the ability to understand drawings and solve problems as they arise. Applicants who have practical working knowledge and 3 to 5 years of working in a similar environment with cleanroom & hygienic and architectural projects will be at a distinct advantage.

Send your CV for immediate review to caroline.farrelly@prostainless.ie. All applications are held in the strictest of confidence.
